THIRD PARTY VENDOR AUDITING WORKSHOP

With over 30 years of experience auditing collection agencies and attorneys, Resource Management Services, Inc. continues to offer their signature auditing workshop classes with the "Third Party Vendor Auditing" Workshop. For those creditors involved with vendor oversight, that audit collection agencies and attorneys, vendor managers or collection agency auditors. Learn strategy and practical tips for auditing collection activities, whether at your own shop or at one of your vendor's operations. Learn to incorporate time-proven audit techniques and real world practical applications and tools. This session provides both a framework for your own internal audit program, and the tools needed to complete the process.

Learn practical skills and tactics to review:

- When to audit, and incorporating remote and onsite
- What to audit - work effort, payments, compliance, financials and more
- Sampling techniques to increase your effectiveness
- How to develop an effective call monitoring scorecard
- About audit bias and how to avoid it
- What many audit teams miss and how to address
- How to use the audit to improve compliance and performance
- Remediation techniques and tools

Hear audit horror stories from audit experts, and find out how to avoid them in the operations you audit. Instructors focus on teaching techniques, strategies and skills you need to develop or review your company's audit policies and procedures, as well as to establish an effective audit program that includes planning the audit, conducting, testing and controls, communications, reports, and remediation. Understand the unique role of the audit as a key ingredient in vendor oversight.

The training is a two-day session. Price \$1295 first attendee, \$1095 additional attendees from the same company.
